LP-Gas & NH3 Application Guide

Quality flow control products paired with expert advice.
You don’t thrive for more than 100 years because you’re lucky.

It takes quality products, constant innovation, and above all a dedication to the customer.

From a pioneer in the development of regulators to a global leader delivering a comprehensive line of flow control products, RegO®- has always kept our customers’ interests first.

Quality matters. LP-Gas applications have no room for leaks. That’s why we design and manufacture in the U.S., test 100% of our products, and can offer a 10-year warranty. RegO products work better and last longer.

Innovative products, processes and people. We invest in technology and training to deliver flow control products designed to reduce maintenance and replacement costs, and ensure an efficient, safe work flow.

When our customers thrive, we do too. Our experienced team can provide technical support and product assistance. We’re here to help in any way, every day.

Quality materials, innovative, long-lasting design are built into every product we manufacture. That’s how we can offer a 10-year product warranty—double that of other companies.

Designed, manufactured and tested in the USA. Our four state-of-the-art facilities build the products that are most critical to your application.

RegO Certifications

Worldclass quality—but don’t just take our word for it.

RegO builds products that last. Our durable materials, proven designs, and rigorous testing, all add up to products designed for years of operations under harsh conditions. With internal standards like these, it’s no wonder that RegO quality is recognized the world over.
RegO Bulk Transport Solutions

Breadth of line meets depth of knowledge

Combine our industry experience, product design experience and broad product line to build a flow control system that enables maximum efficiency and excellent value for bulk transport applications.
The illustrations in this application guide are intended to inform a professional installer/system designer where our products are generally installed on certain containers or applications. These illustrations are not intended for and must not be used for system design.
RegO Bulk Storage Solutions

A complete portfolio for your entire system.

Backed by our industry-leading, 10-year warranty and expert technical support, reliable RegO products are designed and built to deliver years of worry-free performance.
RegO Bobtail Delivery Solutions

Delivering peace of mind—and profitability.

Dependability, safety and speed are key drivers for transporting LP-Gas. All RegO products are 100% tested to withstand the rigors of day-to-day operations. They're easy-to-use, and open and shut securely for faster flow rates and maximum safety.
RegO Domestic Solutions

Built-in quality, for superior reliability.

High-grade metals, expert engineering, a skilled U.S. workforce, advanced manufacturing techniques and 100% testing is the formula for RegO quality. Quality that delivers years of dependable performance, lower costs, fewer service calls and more satisfied end users.

RegO Cylinder Solutions

DOT & ASME: A complete portfolio of performance.

Whether it's the hard working service valve or the patented RegO Multivalve®, you can count on years of fast, secure liquid and vapor transfer for your cylinders—and your customers.
RegO Auto Gas Solutions

Mile after mile, or up and down the aisle

Engineered for years of economical operation and quick fill-ups, RegO’s heavy-duty valves and tight seals keep you rolling.
RegO Outdoor & Recreational Solutions

RegO works weekends—and every other day

Our superior products are designed to fill faster, last longer and work reliably for years. Whether your application gets daily or occasional use, one thing is for sure—RegO stands behind our products every day.

*LOW EMISSIONS
